

## Snow and much more in La Pinilla

Since its inauguration in 1968, the La Pinilla ski resort has been the destination chosen by many snow lovers. Without forgetting its roots, it looks to the future with the idea of turning the station into a comprehensive resort in which leisure, restaurant and accommodation spaces take on a special dimension. In addition to the 23 slopes that make La Pinilla the best option for winter, the rest of the year is also an attractive proposal thanks to the La Pinilla Bike Park and the multi-adventure activities for children and adults.
