

Ethnographic Museum of Hinojosa de Duero

The Hinojosa City Council has gathered, in this center, the most varied collections of objects in three rooms. On the ground floor, the visitor will have the opportunity to see the best pieces of the museum, a collection of Roman funerary stelae along with other archaeological objects.

On the first floor, the Youth Room, houses various collections of miniatures of cars and trains, objects from the old teleclub (discs, cassettes, etc.), and a large model railway, undoubtedly the most interesting. The third room is the ethnographic one, with a heterogeneous set of domestic objects and agricultural tools.
