Astronomical Observatory El Castillo

Located at 1.200 meters above sea level, at the foot of Moncayo, is the first astronomical observatory of didactic character opened in Spain. It has four floors with an excellent endowment instruments (Telescope 'El Coyote': Smith-Cassegrain of 420 mm in diameter; refractor of 150 mm; and 72 mm solar telescope with filter H alpha). Due to the clarity of the skies, is a privileged place for astronomical observation, day and night.
