

Reservoir of El Burguillo and el Charco del Cura

The dams of Burguillo and Charco del Cura were created in the early twenties of the last century. Both are ideal for playing water sports and are in the Alberche River in the town of El Tiemblo, which during its pass through this town forms the Charco del Cura, where the water of the reservoir of Burguillo are collected

Address

El Tiemblo. 5270 Ávila.
