

Parish Church of Santa Maria la Real

The Church of Santa María la Real is located in the middle of the village and conserves the typical structure of a Romanesque church with a semicircular apse, chancel, and nave and belfry at the foot although were added later, were partially masking that appearance, with the belfry became tower.

Its construction was made in two stages, corresponding the apse to the first half of the XII and the rest at the end of the same century or the beginning of the next. The set of figurative corbels with representations of musicians and characters in erotic attitudes highlights especially
