

Church of San Miguel de Arcangel

This romanesque parish church is a national monument. It was built in the first third of the 13th century. Three-nave ground plan with a central, double-ledged apse. The south front has five round archivolts resting on five pairs of long-shafted columns with Gothic capitals decorated with vegetal motifs and diamond heads. The arches serve frame the two doors, between which stands the figure of the warrior. Inside, decorated capitals, a Mudejar pulpit and a 16th-century altarpiece.
