

Chapel of the Convent of Mosen Rubi

A former convent of dominical nuns dating from the 16th century. It combines late gothic and renaissance and the front contains strange guild symbols.

Among the works of art stand out the tomb with the recumbents of the founders, Ms. Maria Herrera and M. Andres Vazquez Davila, carved by the sculptor Andres Lopez at the end of the XVI century, and the main altarpiece, from the XVII century, with paintings by Felipe and Guillermo Diriksen (1629).
