

Hermitage of the Virgen de la Calzada

It is located outside the village, and is in ruins long time ago, its area was taken advantage of as a cemetery. It was made of stone ashlar and masonry and it preserves the main chapel and part of the walls, while the vault of the nave disappeared time ago. The sanctuary follows the apse type, with a section with a half barrel vault and semicircular bottom with a semi-dome vault. The ceiling starts on a sober impost.
