

## Basilica of Los Milagros

It was part of the old augustine convent erected by the Fuenmayor and Camargo families. The works started in 1560. The church has two high twin towers and a classical front.

The Capilla del Carmen has an elegant star-shaped vault and plasterwork decoration tracing the life of the Virgin.

The church contains an important collection of paintings: El Cristo de Burgos, by Mateo Cerezo; the Gothic altarpiece of Saint Lawrence, of the Aragon school; the Gothic altarpiece of Saint Vincent, dating from the second half of the 15th century; and the late-Romanesque sculpture of Nuestra Señora de los Milagros (Our Lady of Miracles).
