

Siete Picos

The path begins in Puerto de Navacerrada towards the ski area of Escaparate and, taking a craggy road, we reach the seventh point, Pico de Majalasna, already in the Comunidad de Madrid. We begin the slightly slippery descent, to Collado Ventoso until reaching Puerto de la Fuenfría, where we will take the path of Cospes and shortly after we will incorporate to the called Camino Schmid, which will take us back to Puerto de Navacerrada from where we left.
