

Festival of Circus Arts Circolmedo

Acrobatics jumps and incredible acts are the main ingredients of the Festival of Circus Arts (CIRCOLMEDO) held in the village of the Knight to bring young and old close to the circus world through fun outdoor staging. Children enjoy daily workshops to demonstrate their skills as jugglers, with the balance of objects, with the diabolo ... It is in May when the circus makes its stop in Olmedo and manages to bring together people coming from across the province to enjoy all the shows.
