

Valley of the 6 senses

More than 60 different games in a large children's play area covering 18,000 square metres where children and teenagers aged between 3 and 16 can have fun whilst learning in this family and children's leisure centre situated in the former palace of the Power family, whose ruins also form a space for play.

The Senses Palace, the Echo Theatre or Do-Re-Mi Square are just three of the many spaces where kids will have a great time, playing on the rope bridges, swings and stones and discovering the games related to science and the natural environment.
