

A9 - Botanical Path

Route code:	A9
Journey:	Linear
Way:	- On foot
Length:	0.6 kms.
Ascent slope:	10 m.
Difficulty of the route:	Low

Located in the Iruelas Valley Nature Reserve. The botanical trail of the Iruelas Valley Nature Reserve allows you to discover some of the most representative plant species of this Protected Natural Area. In a pleasant walk of about 30 minutes, which begins next to the parking lot located in front of Camping Iruelas Valley, we will descend until we reach the road that returns to said Camping. The information signs at the foot of trees and bushes that are spread along the path allow us to learn about the great diversity of botanical species in the Valley.
