HALLUCINATE IN THREE COLORS

A show by **three magicians from Castile-León** that combines **MAGIC and HUMOUR** with a very **HIGH PARTICIPATION of the public** . It also includes a part of musical magic effects, but with a new concept that is more up-to-date and appropriate to our times. Also something new in shows of this type, which is to bring "Close-up Magic" to the stage (with small elements such as coins, cards...), until now reserved exclusively for small venues or TV, taking advantage of current technical means, such as cameras, projectors, etc...

Genre: Circus/Other. Style: Magic. Duration: 100 min.

Show included in the programming of the Castilla y León Scenic Circuits.
