SYNOPSIS:

Like the Little Prince's hat, let's lift its brim and discover together all the animals we can imagine.

Let's travel together to Africa, Asia or America, looking for a zebra that is black with white stripes or white with black stripes, or a slender and beautiful giraffe that was curious as a child, or a crocodile that is dangerous in the water and very calm on land. Do we admit a ladybug and a mouse into our jungle? Why not?

Will we travel to all these places? Will everything take place in one room? Will they come out of a hat? Or maybe out of a drawer?

Genre: Theatre. Style: Musical. Duration: 35 min.

Show included in the programming of the Network of Theatres of Castilla y León.
