

# CASTILLA Y LEÓN

El Cronicon de Oña, Burgos

## THE CHRONICLE OF OÑA

This is a theatrical show in which the history of the town of Oña is narrated, and a tourist attraction for the Castilla y León region, held on the weekend closest to 15th August.

Following the customs of other urban centres, the festival originated when a group from Oña had the idea of staging history, mainly from the 11th and 12th centuries of the monastery of Oña, which has a funerary ensemble, with eight tombs, where kings, infants, counts, bishops, princesses are buried. With the passing of time, and in various different guises, the characters buried here forged the kingdom of Castilla, and many of those whose tombs are in the monastery appear in the show. The staging is done at night, at the main altarpiece of the aforementioned temple, accompanied by the corresponding lights, colours and sounds.

The show is usually directed by a professional, but the actors are residents of the municipality, with approximately one hundred of them appearing on stage, dressed in costumes according to the character they are playing.

## GASTRONOMY PASSPORT OF THE WAYS OF SAINT JAMES

The gastronomy associated with the Ways of Saint James is another fundamental attraction of these ancient routes. This GASTRONOMY PASSPORT OF THE WAYS OF SAINT JAMES is an opportunity for you to discover the variety and quality of the traditional and contemporary dishes you will find along these pilgrimage routes. Delicious recipes made with local produce, the results of the hard work and dedication of magnificent professionals, which are guaranteed to surprise and delight as much as the vast wealth of monumental and cultural heritage, traditions and history you will encounter along the Ways of Saint James.

Using this Passport is a great option, not only because it includes special offers and advantages at restaurants, gourmet and local craft stores along the Way of Saint James, but also the chance to take part in the prize draw for a selection of products and stays; all you have to do is stamp your passport at participating establishments and send it to us.

Customers can stamp their passports at the restaurants and bars, when they order the Jacobeo menu or other items on the menu, or when they purchase items in participating local gourmet food and craft stores.

### 2022 MONUMENTS OPENING PROGRAMME FROM THE 12TH OF JULY TO THE 11TH OF SEPTEMBER

The Ministry of Culture and Tourism is committed to promoting its tourist offerings for the summer with a new Programme for the Opening of Monuments, from the 12th of July to the 11th of September, for the enjoyment of pilgrims and tourists. With this type of action, the Junta de Castilla y León is committed to combining synergies between the artistic heritage and the culture of the Community, through the promotion of tourism.

An initiative that represents a clear commitment from the Ministry to the revitalization of the rural environment through tourism, generating economic activity, influencing the Community's territorial cohesion, and consolidating the tourism sector as a factor of economic development.

This publication compiles, promotes, publicises and facilitates the enjoyment of a broad Opening Programme. It highlights our magnificent historical-artistic heritage with 474 monuments grouped into thematic or geographical programmes. These enable access to and knowledge of these cultural resources and artistic works of the Community of Castilla y León that are not usually open to visitors or have very restrictive conditions for visits.

The opening period is from the 12th of July to the 11th of September 2022, from 11:00 a.m. to 2:00 p.m. and from 5:00 p.m. to 7:45 p.m. Tuesday to Sunday, unless otherwise indicated. With the exception that it will open on Monday 15th of August, and close on Tuesday 16th of August.

This opening programme promoted by the Junta de Castilla y León is carried out in partnership with the Dioceses of Castilla y León through volunteers designated by each parish, who are in charge of opening the temples and providing information on the conditions of the visits.

# TOURISM IDEAS IN CASTILLA Y LEÓN

## AVILA MEDIEVAL DAYS

Mercado Medieval, Ávila

In the incomparable setting of the walled city of Ávila, the Medieval Days take place on the first Friday of September. On these days, which function as a sort of time machine, one feels transported into the past, to a time when three cultures lived together in this city: Christians, Jews and Muslims. These former inhabitants once again fill the streets with hustle and bustle, and the city is decked out to recreate its medieval image. You will cross paths with merchants, comedians, balladeers, fire throwers, musicians, sheriffs, silversmiths, letter writers, weavers, basket makers, toy makers and tin and nickel embossers, among others. At the same time, entertainment groups will fill the streets of Ávila with art and joy from dancers, minstrels and jugglers. In addition, you can enjoy contests and various activities, such as tournaments, concerts, exhibitions and theatre. A multitude of stalls await you, with all kinds of products as well as medieval taverns and inns to stop at on your way. Animals also play a major role, taking over the streets and filling corners with life. These spectacular Medieval Days have been declared events of Tourist Interest in Castilla y León.

## CULTURAL ACTIVITIES IN THE BURGOS PROVINCE

In the middle of August in the Burgos province, a large number of towns celebrate their festivities in honour of Our Lady of the Assumption and San Roque. The processions generate great sense of anticipation among the locals, eager to see their saints strolling through the streets, and tourists who come to the villages during August. One of the most curious festivals that we can enjoy in Burgos throughout the month takes place in the Ducal Palace of Lerma, which celebrates its traditional Baroque Festival on the 5th and 6th of August. The town is dressed in light and colour, with music and costumes from the 17th century. A typical program of the Spanish Golden Age festivities harks back to the celebrations that the Duke of Lerma, King Felipe III's favourite, used to organise. It was a way to attract the attention of the nobles, and thus make the Spanish people forget the misery and decline that the country was experiencing after the wars of the previous century. Festivals for all – perhaps the only events in which both the people and the nobility participated.

## VALENCIA OF DON JUAN AND THE ESLA ROUTE

Valencia de Don Juan, León

Valencia de Don Juan marks the beginning of this route, which links this town with Castrofuerte, along the old route of the railway line that linked Medina de Rioseco with Palanquinos. The imposing Castle of Valencia de Don Juan stands on top of a hill next to the banks of the river Esla. In addition to a visit to the Castle Museum, our itinerary includes the Clothing Museum, the Church of Nuestra Señora del Castillo Viejo, the Parish Church of San Pedro and the old station, which is the starting point of our tour. The route is relatively easy, with several wooden bridges crossing small valleys and streams, and we pass by several pigeon houses of different shapes and types, as well as traditional wineries that show off their architecture. The route can be complemented with the "Paseo del Esla", a circular walk to the town of Coyan that connects with the Vía Verde. On Saturdays in July and August, the City Council of Valencia de Don Juan organises the traditional "Nights of the Castle", open-air events in the municipal auditorium, taking advantage of the castle's monumentality, where various dance, theatre and music shows are put on. Also in summer, you can enjoy its swimming pools surrounded by green spaces, a recreation area and restaurants.

## BISON OF SAN CEBRIÁN DE MUDA, IN THE BEAUTIFUL PALENTINA MOUNTAIN NATURE PARK

The European bison is a species that was on the verge of disappearance, and in fact it did disappear in Spain, despite being one of the most typical animals of the Cantabrian region. But thanks to initiatives such as the one promoted by the town of San Cebrián de Muda, these animals are starting to reproduce freely again in the reserve that this municipality has created to the north of Palencia. The first specimens, two males and five females, arrived from Poland in 2010, and fortunately the family is growing. In addition, in 2012 the first wild Przewalski horses also arrived with the same purpose of preserving this almost extinct breed, which is native to Mongolia. Before accessing the reserve, visit the "Bison Bonasus" Centre, where everything will be explained to you in detail.. You can walk, but if you want to enjoy a different and fun experience, try an electric bike or a horse-drawn carriage. If you are also a Romanesque lover, visit the Church of San Cornelio and San Cipriano, and look for the corbel depicting a bison, a testimony to its existence in the area at that time.

## TYPICAL CANDELARIO WEDDING

Boda típica de finales del siglo XIX en Candelario, Salamanca  
(cedida agencia Ical)

On the second Sunday of August, a popular representation of the wedding rite is celebrated in the traditional way in Candelario, just as it was done at the end of the 19th century, with the bride and groom dressed in traditional costumes (the bride as a "Candelaria" and the groom as a "Choricero"). First, the "groomsmen" go to his house, and then the "bridesmaids" go to her house, and call to her from the street with a song. Then the whole entourage goes to the church for the ceremony which takes place in the portico, after which a groomsmen and a bridesmaid watch over the couple, covering them with a cloth from their shoulders and handing them a candle. At the end of the ritual, well-wishers are received at the bride's house followed by a reception during which the bride hands out segments of an orange among the guests, starting with her husband. Finally, the Tálamo is held in one of the squares, where the guests offer their gifts to the bride and groom and recite a short, comical and somewhat risqué verse.

## ASTROTOURISM

Astrotourism is a form of sustainable tourism that combines observation of the sky (night and day) with an education in astronomy. The Starlight Foundation has certified "La Senda de los Pastores" as a Starlight Trail. To obtain this certification, the site must not only have a clear sky, but the protection of that sky must be guaranteed, and there must be adequate tourist infrastructure for the activity. It is well known among artists that Segovia has a special light in its sky. As early as the 20th century, King Alfonso X "The Wise", also known as "the Star King", observed the constellations from El Alcázar. The darkness and clarity of its night skies and the low levels of light pollution make Segovia an ideal place for stargazing. Our province has been linked to migration for a long time and stars had to be used as reference points to move the herds from the north to the south of the Iberian Peninsula. The Cañada Real Soriana Occidental runs through Segovian lands and La Senda de los Pastores, which is more than 150 km long, runs along the edge of the mountains between Riaza and El Espinar.

### THE LA CUERDA DEL POZO RESERVOIR AND ITS SURROUNDINGS

Located a few kilometres from the capital of Soria, surrounded by pine forests and at the foot of the Urbión Peaks, it is a beautiful example of a landscape created by humans. It belongs to the district of Vinuesa and is one of the reservoirs that regulate the Duero river at its head, the other being Rábanos. It is an attractive tourist destination, especially in summer, when visitors can enjoy the beaches created along its coast. The ideal place for this is the so-called Playa Pita (the official beach of Soria), a space where you can swim, do water sports or simply walk around. It has a bar-restaurant service, first-aid facilities and a campsite. It is also known as the La Muedra reservoir, the name of the town that was located in the valley before being flooded by the reservoir. You can still see the church tower in the centre of the reservoir. The excursion can be completed by visiting the beautiful nearby towns of Salduero, Molinos de Duero or Vinuesa, among others, to finish off the day of travelling between tradition, culture and nature.

### COLLEGIATE CHURCH OF VILLAGARCIA DE CAMPOS, VALLADOLID

Known as the little Escorial, it is located in the Montes Torozos area, just 60 kilometres from the town of Valladolid. It has a Latin cross plan, covered by a barrel vault and with three chapels on each side of the nave. It was built in the 16th century by the architect Rodrigo Gil de Hontañón, to be the tomb of Doña Magdalena de Ulloa (adoptive mother of Don Juan de Austria) and her husband Don Luis Méndez de Quijada. A novitiate school was also built next to the church. After the expulsion of the Jesuits in 1767 and the confiscation of Mendizabal, the school disappeared, leaving only the church and some remains standing, and it was a century later in 1959 when its reconstruction began. Inside we can see the altarpiece of the High Altar, with various sculptures made of alabaster, which was designed by Juan de Herrera and carved by Juan Sanz de Torrecilla. You can also visit the museum, which houses sculptures, tapestries and paintings, the hall of the founders and the room of Lepanto, as well as the crypt located under the altar.

### FAMILY ACTIVITIES: PUEBLA DE SANABRIA

From the keep of the medieval castle you will have a beautiful view of Puebla de Sanabria, which was once used as a prison. Inside is the fortifications' education centre, where you can investigate and solve enigmas while playing computer games about the castle. In the Museo de Gigantes y Cabezudos you will see 11 beautiful giants and a multitude of big-headed carnival figures. They all walk the streets of the Town Centre on the 7th and 8th of September, cheering and exciting children and adults with their peculiar dance. On the weekend closest to the 15th of August, one of the most important medieval markets is held in Puebla de Sanabria. Knights and princesses walk around the town. It has a multitude of stalls distributed throughout the historic-artistic town centre, along the walls and around the castle. This market is considered one of the three best Medieval Markets in all

of Spain due to the incomparable setting in which it is held, which transports its hundreds of visitors to the Middle Ages. Check schedules and prices at the Castle and the tourist office.
