

## Molinaseca

The beautiful and always lively Molinaseca has been welcoming pilgrims for centuries as they leave behind the Cruz de Ferro, the iconic metal cruiser that marks the passage from Maragatería to El Bierzo, at the highest point of the French Way.

The medieval atmosphere of its cobbled streets surrounds the entire atmosphere and transports you to another era. Witness the traditional architecture of the area.

The succulent gastronomy of Bercia (botillo, sausages, fruits or chestnuts...) and its famous viticulture with the Mencia grape as the protagonist shine with their own light in the kitchens of Molinaseca and its surroundings.

We will wait for you!
