

## Protected Landscape and Natural Monument Covalagua

Located in part of the Pomar de Valdivia municipality in the northeast of the province of Palencia, it is made up of the Covalagua Protected Landscape and the Covalagua Waterfall Natural Monument. Among its most relevant manifestations include sinkholes, lapiazes, grapes, chasms, caves and upwellings. The underground wonders that the famous cave of the French keeps inside deserves to be highlighted. Near Covalagua there is an important point of tourist-cultural interest: Aguilar de Campoo, with its Cistercian monastery of Santa María la Real.
