

## Museum of Sacred Art of Fromista

The Estola del Milagro has been housed here since October 2000. Before it belonged to the Familia Sobrino Muñoz.

It consists of a strip of material 2 metres in length used by the priest over his vestments during liturgical rites. The stole bore witness to a miracle that took place in Frómista in 1453 when a priest wasn't able to remove the Communion from the paten to give to an excommunicated Jew.
