

## Museum of the Botijo

It houses the largest collection of "botijos" in the world, which by its importance became part of the book "Guinness de Records" in 1997, for having at that time 2000 jackpots that currently reaches almost 3000.

We can admire elaborate "botijos" from the 18th century to the present day and curiosities such as the bridal, trap, pond, hoop, anthropomorphic ... unimaginable shapes in traditional and modern pieces from all provinces of Spain.
