

Navafria Port - Pico de Nevero

Starting from Puerto de Navafría we head towards the viewpoint of Navalcollado, which offers a great panoramic view of the Pinar de Navafría. Few meters ahead appear in the path a track that climbs directly to Pico de Nevero.

Above, at the top, you can see: in the South, the silhouette of Cuerda Larga; to the East, the Game Reserve of Sonsaz, and the foothills of Sierra Pobre; to the North, the great plateau of the province of Segovia; and to the West, the rope of Claveles and the Peñalara peak.
