

Acebal de Garagüeta Nature Reserve

Discover the Acebal de Garagüeta in the north of Soria, a magical corner with exceptional natural beauty. During autumn, the holly turns red and gold, transforming into a fairy tale. In addition to its seasonal splendor, Acebal preserves the tradition of using holly for Christmas decorations, all while applying sustainable forest care practices.

Explore this enchanting landscape with dense canopies of holly trees, accompanied by elders, maples and vines. Encounter diverse wildlife, from amphibians to deer, foxes, wild boars and birds of prey such as griffon vultures and golden eagles.

This thorny refuge protects species and the landscape is a living testimony of the intimate relationship between humanity and the earth. The forests that were transformed into pastures are a reminder of how livestock farming has been the mother of these impressive holly trees, enduring the legacy of their beauty. Immerse yourself in this fairy corner!

ENVIROMENTAL AREAS

wildlife:
