

## Church of San Nicolas or del Espiritu Santo

Built in the 12th and 13th centuries. It preserves the original romanesque apse. The front is almost gothic, with a pointed arch and ornate archivolt on columns with decorated capitals.

Polygonal apse with five windows and masked capitals. Restored after the fire of 1936. HISTORY: In this church claimers made their oaths during the litigations that took place between the neighbours of Miranda and those on the left bank of the Ebro.
