

Tower of Ms. Maria

The Tower of Doña Maria is in the village of Concejero, at the foot of the hill Santa Olaya, is raised in front of the Tower of the Marques de San Isidro. A window, now sealed, before also in warhead, and seven loopholes, which can be seen in the different façades of the fortification are kept.

It is a Tower, which together with other nearby, are a beautiful place to discover the secrets of the defence and the power of other times.
