

Caserío de Lobones

Posada Real *****

A magnificent Castilian farmhouse dating from the 17th century. After a careful and delicate restoration, it has become an elegant and welcoming hotel. Inside, the memory of the past is kept alive in the baked clay and hydraulic mosaic floor, in the poplar wood beams and in the interesting pieces of 18th and 19th century furniture that belong to the family.

The Caserío de Lobones enjoys a privileged location just 9 kilometers from Segovia in a district that has yet to be discovered with an enormous artistic and environmental richness.
