

International Choreography Competition

This is a perfect date to discover the art of choreography as well as the creative values arising worldwide around the dance of the XXI century. Organized by the Contemporary Ballet of Burgos and the Municipal Institute of Culture and the City Council of Burgos, this event makes of Burgos a city in a scenario where all the latest creations and choreographic trends are shown.

Novice choreographers and major world creators compete for the significant economic prize of this competition, although the most desired award is being part of the list of winners and be among the leading choreographers of the moment. This contest invites you to feel the movements of dance as your own and experience new emotions.
