

## Valladolid International Film Festival (SEMINCI)

It is one of the most important festivals of cinema on the international scene, which meets in each edition the best and most famous directors, producers, actors and actress, scriptwriters ... One of the major film events in Spain to which films and short films from different countries are presented to win one of the 'Ears' with which it awards in each category.

Around this festival, and throughout the week, a number of activities take place to continue celebrating this important event: workshops, book presentations, exhibitions ... Each festival edition maintains the level and quality of projected works and gathers every year in the city of Valladolid thousands of people.
