

Water Way

A path created with the passage of the centuries and an ideal place to explore a part of the Natural Park Las Batuecas - Sierra de Francia. Water will be the perfect excuse and background sound which the traveler can listen to on its way between the towns of Mogarraz and Monforte.

Going through forests of oak and chestnuts, this route invites you to enjoy a natural environment in which have been created, in addition, six works of art worth of contemplating during the tour.
